Anant Goel

Data Analyst | Data Science | Python, SQL, Machine Learning
Delhi, India

Summary

Data Analyst trainee and Data Science undergraduate with hands-on experience in Python-based data analysis.

Worked on a statistical analysis project examining age-at-death differences between right-handed and left-handed individuals using data cleaning, EDA, and statistical techniques. Experienced with Python, Pandas, NumPy, and data visualization for deriving insights from datasets.

Actively seeking Data Analyst or entry-level Data Science roles.

Experience

MedTourEasy

Data Analyst

July 2025 - July 2025 (1 month)

Online

- Worked as a Data Analyst trainee, gaining hands-on experience in data cleaning, exploratory data analysis, and statistical analysis using Python.
 - Analyzed a real-world dataset to study the difference in average age at death between right-handed and left-handed individuals.
 - Performed data preprocessing, handled missing values, and conducted exploratory analysis using Pandas and NumPy.
 - Applied statistical techniques to identify patterns and trends, and summarized findings through clear visualizations.
 - Documented insights and presented conclusions in a structured, data-driven manner.
-
